The Honorable,
The Secretary of State
of the United States of America,
Washington, D. C.

The Honorable,
The Secretary of Foreign Relations
of the Republic of Panama,
Panama, R. P.

SIRS: The Joint Commission established under the treaty between the United States of America and the Republic of Panama, ratified February 26, 1904, having completed the cases pending before it, has the honor to submit the following report:

The provisions of the treaty under which the Commission was organized read as follows:

"Article VI. The grants herein contained shall in no manner invalidate the titles or rights of private land holders or owners of private property in the said zone or in or to any of the lands or waters granted to the United States by the provisions of any Article of this treaty, nor shall they interfere with the rights of way over the public roads passing through the said zone or over any of the said lands or waters unless said rights of way or private rights shall conflict with rights herein granted to the United States in which case the rights of the United States shall be superior. All damages caused to the owners of private lands or private property of any kind by reason of the grants contained in this treaty or by reason of the operations of the United States, its agents or employees or by reason of the construction, maintenance, operation, sanitation and protection of the said Canal or of the works of sanitation and protection herein provided for, shall be appraised and settled by a joint commission appointed by the Governments of the United States and the Republic of Panama,

whose decisions as to such damages shall be final and whose awards as to such damages shall be paid solely by the United States. No part of the work on said Canal or the Panama Railroad or on any auxiliary works relating thereto and authorized by the terms of this treaty shall be prevented, delayed, or impeded by or pending such proceedings to ascertain such damages. The appraisal of said private lands and private property and the assessment of damages to them shall be based upon their value before the date of this convention."

"Article XV. The joint commission referred to in Article VI shall be established as follows:

"The President of the United States shall nominate two persons and the President of the Republic of Panama shall nominate two persons and they shall proceed to a decision; but in case of disagreement of the Commission (by reason of their being equally divided in conclusion) an umpire shall be appointed by the two Governments who shall render the decision. In the event of the death, absence, or incapacity of a Commissioner or Umpire, or of his omitting, declining or ceasing to act, his place shall be filled by the appointment of another person in the manner above indicated. All decisions by a majority of the Commission or by the Umpire shall be final."

Since 1912 the scope of the work of the Commission has been largely determined by an Act of Congress of the United States, approved August 24, 1912, known as the Panama Canal Act, which so far as it relates to matters under consideration provides as follows:

"The President is authorized to declare by Executive Order that all land and land under water within the limits of the Canal Zone is necessary for the construction, maintenance, operation, sanitation, or protection of the Panama Canal, and to extinguish, by agreement when advisable, all claims and titles of adverse claimants and occupants. Upon failure to secure by agreement title to any such parcel of land or land under water the adverse claim or occupancy shall be disposed of and title thereto secured in the United States and compensation therefor fixed and paid in the manner provided in the aforesaid treaty with the Republic of Panama, or such modification of such treaty as may hereafter be made."

In accordance with the authority contained in the above-quoted provision the President of the United States issued an Executive Order under date of December 5, 1912, declaring "That all land and land under water within the limits of the Canal Zone are necessary for the construction, maintenance, operation, protection and sanitation of the Panama Canal." The same order

directed the Chairman of the Isthmian Canal Commission "to take possession on behalf of the United States, of all such land and land under water."

The Congress of the United States has also passed two other Acts which the American members of the Commission have considered affected the work of the Commission. Section 2 of the Sundry Civil Appropriation Act, approved March 13, 1915, reads as follows:

"Sec. 2. No part of the money appropriated by this Act shall be used for payment of salaries or expenses of the Joint Land Commission, established under article fifteen of the treaty between the United States and the Republic of Panama, in adjudicating or settling any claim originating under any lease or contract for occupancy, made by the Panama Railroad Company in the Canal Zone, or for the payment of any awards made by said commission on account of any such claims."

Section 2 of the Sundry Civil Appropriation Act, approved July 1, 1916, reads as follows:

"Sec. 2. That the Joint Land Commission established under article fifteen of the treaty between the United States and the Republic of Panama, proclaimed February twenty-sixth, nineteen hundred and four, shall not have jurisdiction to adjudicate or settle any claim originating under any lease or contract for occupancy heretofore or hereafter made by the Panama Railroad Company of land or property owned by said Panama Railroad Company in the Canal Zone, and no part of the moneys appropriated by this or any other Act shall be used to pay such claims."

So many different commissions have been organized under the treaty that it seems desirable for the benefit of both Governments to incorporate in this report a brief historical statement giving the names of the various commissioners and the work accomplished by them.

On January 31, 1905, a Commission consisting of Dr. Carlos A. Cooke, and the Hon. Federico Boyd of Panama, and Messrs. Thomas T. Gaff and C. A. L. Reed of the United States were appointed to fix the value of four pieces of property taken over by the United States. By an award dated February 21, 1905, Domingo Diaz was allowed $41,790 for the property of Santa Rosa and Juan Vasquez. A valuation was also placed on the three other pieces of property without any hearing having been given, and later payment appears to have been made to Mrs. M. A. E. Delhonde, for her property of El Hatillo de Echeves, in the amount fixed in the award, viz: $3,050.

On May 26, 1905, a Commission of the same Panamanian members, with Dr. H. R. Carter and Paymaster Eugene C. Tobey acting for the United States, was organized to give a hearing in and make final awards for the three pieces of property appraised in the award of February 21, 1915. On May 27, 1905, an award was made in two of the claims, one for $9,000 in favor of Abundio Caselli and Francisco Alfredo Pellas, for the property "El Tivoli," and the other for $1,768 in favor of the Municipality of Panama for "La Huerta del Peinetero." The other claim, that of Mrs. Delhonde, was not considered as settlement had been made.

On April 10, 1907, a Commission of which the Panamanian members were the Hon. Ramon Arias F. and Dr. Samuel Lewis, and the American members Messrs. B. S. Ambler and Montgomery Blair, with Dr. Gil Ponce as a substitute to act in cases in which Commissioner Arias was disqualified, met in the Administration Building in the City of Panama. On April 11 both Messrs. Arias and Ponce resigned, and on April 18 the Hon. Constantino Arosemena was appointed as the other Panamanian member of the Commission. On May 11, 1907, two awards were made by this Commission in favor of the Pacific Mail Steamship Company, one for $20,000 for the improvements on the island of Naos and the other for $24,000 for a one-half interest in the same island.

Seven other claims were considered by this Commission but no agreement was reached as to the amounts to be paid. Three of these claims were settled in 1908 by the Umpire, the Hon. Edwin Denby, who was appointed to consider them. Award for $45,000 was made by the Umpire to Francis Schuber for the estate of Juan Diez Caballero at Corozal, for $15,000 to Maria Concepcion Sosa for the property of Gavilan and Gavilancito, and $1,000 to Gabriel Duque for San Lazaro.

On June 8, 1908, the Commission of which Messrs. Edwin Denby and Everett C. Bumpus were the American members, and Dr. Gil Ponce J., and Dr. Julio J. Fabrega, the Panamanian members, met in Panama. On August 8, 1908, by unanimous decision of this

Commission an award was made for 13 pieces of property, in the sum of $143,980. A list of the cases for which awards were made is included herein so that this report will contain a list of all claims considered by the Joint Commission up to the present time.

On March 1, 1913, the next Commission, consisting of Doctors Leo. S. Rowe and Roland P. Falkner for the United States, and the Honorable Federico Boyd and Dr. Samuel Lewis representing the Republic of Panama, met in Panama to consider the many cases that had arisen through the order to depopulate the Canal Zone. During the latter part of September Doctor Rowe resigned and shortly thereafter Doctor Falkner also resigned. This Commission submitted an interim report under date of September 23, 1913, in which were outlined some of the principles they had followed in deciding cases. Published with this report were a number of decisions that were rendered. The report shows that 1,253 cases were disposed of. Six hundred and two cases were dismissed, 22 cases were certified to the Umpire, while 629 awards for a total of $295,709.18 were made. The total of the claims disposed of amounted to $2,226,718.53.

The next Commission met in Ancon on May 25, 1914. It consisted of Hon. Levy M. Kagy and Hon. David Marks, representing the United States and the same Panamanian Commissioners who acted with Doctors Rowe and Falkner, their services having been kept continuous. Judge Marks, dying on July 17, 1914, little was accomplished. One hundred and three claims for $175,605.60 were disposed of; 98 of them being

dismissed mainly because previous settlements had been made. Two awards for a total of $970 were made in five claims for $22,101. In September, 1914, the Commission reorganized with Judge Nicholas Cornet who was appointed in the place of Judge Marks. In October, 1914, the Commission again moved its offices into the National Palace in Panama. This Commission continued the work of disposing of the claims until September, 1915, when Dr. Samuel Lewis resigned. Five hundred and forty-nine claims amounting to $2,595,169.19 were disposed of; 481 being dismissed while 68 for $688,905.15 were covered by awards for $161,090.66.

During the latter half of March and the first part of April, 1915, the Commission with Dr. Jorge E. Boyd acting in place of the Hon. Federico Boyd, dismissed 12 claims for $28,522.60 on evidence that direct settlements had been made. In addition 11 other claims for $145,759.45 were considered and the sum of $4,549 awarded to claimants in six awards.

On September 23, 1915, Dr. Ricardo J. Alfaro was appointed to succeed Mr. Lewis and for a time thereafter the Hon. Ramon Arias F. acted temporarily in place of the Hon Federico Boyd. One hundred and ninety-seven claims for $210,041.38 were disposed of by Commissioners Alfaro, Arias, Cornet, and Kagy. Of these, 187 for $188,402.18 were dismissed while awards in 10 claims for $22,439.20 were made in the sum of $2,350.

Commissioners Boyd, Alfaro, Cornet, and Kagy disposed of 63 claims for $84,377.60 prior to the resignation of Judge Kagy November 29, 1915. Five awards for a total of $1,707.50 were made covering 7 claims for $24,620. Fifty-six claims for $59,757.60 were dismissed.

With the arrival of the Hon. Clement L. Bouvé in April, 1916, who was appointed to succeed Judge Kagy, the Commission again began to actively dispose of claims pending before it. Prior to July, 1917, when the two American Commissioners, Judges Cornet and Bouvé, severed their connection with the Commission, 1,250 claims for $4,145,593.17 were disposed of. One thousand

one hundred and fifty-two claims for $2,765,531.31 were dismissed; 14 claims were certified to the Umpire, while awards for $181,675.30 covering 98 claims asking for $1,380,061.86 were made.

On November 27, 1917, the Commission reorganized with Hon. Federico Boyd and Dr. R. J. Alfaro representing the Panamanian Government and Hon. Geo. A. Connolly and Burt New representing the United States. On November 12, 1918, Doctor Alfaro was succeeded by Dr. Julio J. Fabrega, continuing, however, to act in all cases in which Commissioner Fabrega was interested as an attorney. The Commission with Doctor Alfaro disposed of 96 claims for $6,100,316.28; 47 claims for $953,548.25 were dismissed, 14 claims for $2,884,876.26 were certified to the Umpire and awards for a total of $220,952.80 were made in 25 claims asking for $2,261,891.77. The Commission with Judge Fabrega as a member disposed of 53 claims for $1,937,956.04 prior to January 31, 1920. Of these 37 claims for $458,014.60 were dismissed, 8 claims for $1,431,677.80 were certified to the Umpire and awards for a total of $12,609.38 were made covering 8 claims asking for $48,263.64.

In November, 1919, Commissioners Alfaro, Jorge A. Boyd, Connolly, and New made one award for $2,100.20 including interest amounting to $620.67 from December, 1912, and the same Commission with Doctor Fabrega in place of Doctor Alfaro dismissed one claim for $50,000 and certified one for $3,600 to the Umpire.

Judge Connolly resigned at the end of January, 1920. Mr. H. A. A. Smith succeeded him on February 2. Commissioners Boyd, Fabrega, New, and Smith dismissed 4 claims for $239,574 for failure to prosecute, 18 claims asking for $45,841.65 because settlement had been made, and agreed to leave on the docket without consideration for the reasons hereinafter stated, 16 claims for $121,779 known as Panama Railroad lease cases. The disposition of one other claim (the Playa de Flor claim for $357,040) is explained hereinafter in detail.

Commissioners, Boyd, Alfaro, New, and Smith disagreed in their conclusion relative to the liability of the United States in the the last case tried by the Commission and certified the claim asking for $20,816.67 to the Umpire for decision. In addition to the work specified above, almost every Commission has taken action in other claims due to the number of claimants or the questions involved.

Admiral Victor M. Concas y Palau was appointed Umpire in 1916 to decide cases in which the Commission disagreed. From June to August, 1916 he made 10 awards for $216,800 in claims for $839,224.03, and dismissed four claims for $8,240. He also decided two questions certified to him by the Commission as to the liability of the United States arising out of the cancellation of Isthmian Canal Commission leases under certain specific conditions.

Hon. Manuel Walls y Merino was appointed Umpire to succeed Admiral Concas. He has made 17 awards for $468,667.47 including interest incorporated in the awards, amounting to $26,972.57, in 20 claims asking for $4,453,184.65. He dismissed two claims for $177,500 and "refrained from deciding" one claim for $100,000.

The following 12 claims are now pending before the Umpire:

	12 claims for	$1,075,352.17				

To summarize briefly: Since March 1, 1913, claims numbered 1 to 3,598 for $20,660,371.19 have been filed with the Commission. In 879 claims asking for $11,-502,943.66, 213 awards for $1,568,581.49 have been made. In addition awards for $304,588 were made by prior Commissions, making a total amount awarded of $1,873,169.49. Two thousand twenty-nine claims for $3,719,930.95 were dismissed on evidence that direct settlement had been made. Claims for $3,263,-063.13 were dismissed for other reasons, such as lack of jurisdiction, lack of evidence, or because of duplication, or on claimant's motion. The disposition of 17 claims for $478,819 is explained in detail hereinafter, while 12 claims for $1,075,352.17 are pending before the Umpire. Of 319 claims for $620,262.28 dismissed on account of failure to prosecute same in accordance with the default rule adopted by instructions of the two Governments, certain ones seem to require some explanation.

On the day that the claims of Jose H. Stilson, docket Nos. 3062 (amount $40,300) and 3281 (amount $97,620) were set for trial, Mr. C. P. Fairman, appearing as counsel for Mr. Stilson, stated in public session before the Commission that he and his client declined to further prosecute these claims before the Commission. On the same day he filed a document which he entitled "Protest, Notice, and Demand on behalf of the Owner of Real Property" in which document he notified the Commission of his refusal to submit the condemnation of the property involved in these claims or the value thereof to the jurisdiction of the Commission, and requested that the Commission desist and refrain from further action or proceedings respecting the condemnation and appraisal of the lands covered by these two claims. By unanimous vote of the members of the Commission a rule of default was entered against Mr. Stilson and inasmuch as claimant failed to appear and show good and sufficient cause for setting aside the default within the 60-day period in the rule, the default was made absolute and the claims dismissed.

By agreement of counsel on both sides the claims of the Playa de Flor Land and Development Company,

docket No. 2900, ($357,040) and of Eufracia C. de Villalobos, *et al*, docket No. 3064 ($89,154) were consolidated. When they were called for trial on November 17, 1919, Mr. C. P. Fairman representing claimants in both cases, made a similar statement to that mentioned above and filed a similar document. Rule of default in both claims was accordingly entered against both claimants. At the expiration of the 60-day period fixed in the rule, the period of default in the Villalobos claim was extended to February 24, to which date an extension had been granted in the Playa de Flor claim.

However, on February 25, 1920, there having been no appearance on the part of claimants in the Villalobos claim nor any showing made by them, this case was dismissed by unanimous vote of the Commission.

On November 17, 1919, when the Playa de Flor Land and Development Company claim for $357,040 (docket No. 2900) came on for trial, the attorney of record, Mr. C. P. Fairman, stated to the Commission in public session, and also in a written document, that he refused to submit the case to the jurisdiction of the Commission. The American members of the Commission voted to dismiss the case at once, but inasmuch as the Panamanian members declined to dismiss the claim, a rule of default was entered against claimants. At the expiration of the 60-day period fixed in the rule, with the consent of the two Governments, an extension of the period was granted to February 24.

Just before the close of business on February 24, the following motion was filed by Dr. Samuel Lewis:

Come now Perry-Popham, one of the parties at interest in the above-entitled claim and respectfully move the Commission to continue the hearing of this case or of any matters connected therewith and set it for hearing on the 15th of March, 1920, on which date the said petitioner together with counsel will appear before the Commission for the purpose of said hearing.

The undersigned hereby represents to the Honorable Commission that the above-named claimants have not, for reasons beyond their control, been in a position to appear personally before the Commission and present their case, which they are ready and willing to do on the 15th of March, 1920, as the undersigned has been informed and believes.

The Panamanian members of the Commission voted to grant the motion upon the showing made stating their reasons therefor as follows:

1. Claimants have shown sufficient cause for not appearing on the day set for the trial of this claim.

2. The attorney for the claimants without their knowledge refused to submit the case to the jurisdiction of the Commission.

3. In spite of their having no notice of the conduct of their attorney claimants have made every possible effort to obtain a hearing before the Commission.

4. Claimants have presented a motion through Attorney Samuel Lewis, within the time fixed, requesting the Commission to set aside the default entered against them.

The American members of the Commission voted to deny the motion and also voted against further extending the period of default for the following reasons:

1. Said motion does not ask that the default be set aside.

2. There is no claimant in said claim by the name of Perry-Popham as mentioned in the motion.

3. The reason assigned as to why claimants have failed to appear and prosecute said claim merely states a conclusion and does not state facts sufficient to show cause for setting aside the default.

4. The motion does not show that the default was entered through any mistake, surprise, inadvertence or excusable neglect on the part of claimants.

5. The motion does not state any fact or facts showing a good and sufficient cause for setting aside the default.

6. The facts in the case affirmatively show that all the claimants were given legal notice of the date the claim was set for trial and given every opportunity to come before the Commission and present their case, but they failed, neglected, and absolutely refused to prosecute their claim.

On February 26 Mr. Lewis filed another motion requesting that all matters and interest relating to the Playa de Flor Land and Development Company case be left in suspense until the Umpire of the Joint Commission passed upon the issues by reason of the fact that the members of the Commission "are equally divided in conclusion." He further represented that "he did not apply for the setting aside of the default but simply made a motion to continue the hearing of any matters connected with the above-entitled case until the 15th of March, 1920." The American members voted to deny this motion while the Panamanian members voted to grant the request.

The position of the Panamanian members as shown by the minutes, is as follows:

"The Panamanian members in refusing to adopt the proposition made by Commissioner New that the provisional rule of default be not set aside, proposed to have the Commission set aside the said provisional rule of default and to set the claim for public hearing on March 15, as requested by the claimants.

"On this point, therefore, the American members and the Panamanian members are not in accord, and consequently, this is a matter, as in preceding matters, in accordance with Article XV of the Canal treaty which passes to the Umpire for decision; therefore, the Panamanian members move that the said motion presented on the 28th of February by Dr. Samuel Lewis on behalf of the claimants, be determined by the Umpire."

The position of the American members upon this last motion, as shown by the minutes, is as follows:

"On the 25th day of February the Panamanian members voted to set aside the default upon the showing made, and the American members voted that the default should not be set aside; the default, therefore, became absolute.

"On February 26, S. Lewis, attorney for "Perry and Popham" two of said claimants, filed the motion now under consideration. The motion alleged that the motion filed on February 24, 1920, was not intended as, nor was it, a motion to set aside the default but that it was merely a motion to continue the hearing of this case or of any matters connected therewith.

"Said motion further alleged that on account of the Members of the Commission being equally divided in the vote on said motion that the question of the continuance of the trial of the claim, and all matters connected therewith, be certified to the Honorable Umpire for decision.

"There was no allegation in this motion assigning any reason why claimants had failed, neglected, and refused to file a motion or show cause on or before February 24, 1920, for the setting aside the default.

"On account of claimants having failed, neglected, and refused to appear on or before February 24, 1920, and show good and sufficient cause for setting aside the default, the American members voted that said default be not set aside. The American members voted that the default period should not be further extended for the reason that ample opportunity had time and again been given claimants to appear before the Commission on or before February 24, 1920, and show cause for setting aside the default. They also refused to vote for a further extension of the default period for the reason that the Secretary of State of the United States had not given his consent to extend the default period beyond February 24, 1920. They also refused to extend the default period for the reason that the Commission has for

the past five months made every possible effort to bring this claim to trial. During said time many of the claimants have absolutely refused, and still refuse, to try said claim while the other claimants have failed, neglected, and purposely delayed the trial thereof. There is no showing nor attempt to show, diligence on the part of claimants. The facts in this case disclosed by the record, show that claimants have, for some reason unknown to us, thrown every obstacle they could in the way of the trial of this claim, and by so doing have delayed the work of the Commission which has prevented the Commission from closing its business at an earlier date."

The only cases remaining on the docket are sixteen claims, generally known as the Panama Railroad lease claims. The authority of the Commission to consider these claims was the subject, in the opinion of the American members of the Commission, of two Acts of Congress, hereinbefore quoted. The American members have always taken the position that they were precluded by these two Acts from considering these claims, which arose out of the cancellation by the Panama Railroad Company of leases for land made by that company within the Canal Zone. The following is a list of these claims:

With the enlargement of the work of the Commission due to clearing the Canal Zone of all private property owners, it became necessary for the Commission to adopt definite rules of procedure so that its work might be carried to conclusion. As the treaty was silent on the subject, the two Governments have at times given consideration to the methods that should be followed by the Commission to enable it to accomplish the purposes of its formation, and certain instructions have been issued by the Governments concerned, which were thereupon adopted by the Commission for its guidance. The various rules and instructions are included in Appendix A, attached hereto.

All awards, opinions, and rules of dismissal have been published in *The Panama Canal Record* and thus are readily available.

Attached to this report is a list of all the claims filed with the Commission since March 1, 1913, prepared by the Secretary thereof, Miss Genella Bliss, and her assistant, Mr. John J. Dudak, showing the docket number of each claim, the amount claimed, the amount awarded if an award was made and the cause of dismissal if the claim was dismissed as well as the initials of the Commissioners or the name of the Umpire acting on the claim. This statement is designated as Appendix B.

All documents, records, transcripts, the complete files in claims numbered from 1 to 3598, inclusive, and all other property of the Commission, except the records and files in the claims pending before the Umpire which will be left in the office for his use, will be turned over by the secretary of the Commission to the American Minister to Panama, just as soon as the secretary completes the check she is making of the statement to be attached to this report.

In closing this report we wish to thank the officials of the Republic of Panama for granting the use of the commodious offices in the National Palace.

Respectfully submitted,

FEDERICO BOYD,
BURT NEW,
H. A. A. SMITH,
JULIO J. FABREGA,
Commissioners.

APPENDIX A.

Joint Commission Rules of Procedure for Filing of Claims and Conduct of Hearings, etc., 1913 to 1920:

Adopted March 18, 1913.

I. All persons having title or claim to, or interest in lands, or lands under water, situated in any part of the Canal Zone, except in the exempted area, or who have suffered damages of any kind by reason of the grants contained in the Treaty, or by reason of the operations of the United States, its agents or employees, or by reason of the construction, maintenance, operation, sanitation, or protection of the said Canal, shall file with the Joint Land Commission, a statement of the entire extent of their property rights and interests. Such statement should include the name, residence, and post-office address of the claimant, the amount of the claim, the location and extent of the property, indicated wherever practicable by maps or drawings, the uses to which such property is put and a description of the improvements which have been made thereon, and should be accompanied by a statement of the title and rights of the claimant thereto, supported by all existing documentary proofs of title.

Statements referring to claims of ownership to land or land under water, together with accompanying documents should be filed in *four* copies, but of the legal documents submitted as proofs, one copy only need be attested. All other claims presented to the Commission should be filed in at least two copies. All claims should be submitted on a form supplied by the Commission. Such statements of claim and all other forms required by the Commission can be obtained on and after March 14, 1913, from the secretary of the Commission, at the several police stations in the Canal Zone, or at the office of the secretary of the municipal council of the City of Panama.

II. The statements above described to be presented by all claimants to private property, should be filed with the secretary of the Joint Land Commission, National Palace, Panama, with as little delay as possible. Claimants to land located in the area between Gatun and Gamboa should file their statements not later than March 31, 1913, and claimants to land located in the remainder of the Canal Zone should file their statements not later than April 15, 1913.

III. Failure on the part of claimants to file the required statement will not preclude the Joint Land Commission from acting upon all cases properly coming before it, without the cooperation of the persons most directly interested.

IV. After an examination of the papers filed with the Joint Land Commission, an opportunity will be given to all claimants to present further evidence in public hearings. The Joint Land Commission reserves the right to call upon claimants for further information and for documents supplementary to those filed with the original statement.

V. The Commission will begin hearings upon claims which are ready for adjudication, relating to any lands, in the district between Gamboa and Gatun, excepting townsites, on Monday, March 17, 1913, in the Assembly Hall, National Palace, Panama. Due notice of further hearings will be given from time to time.

VI. Proceedings before the Commission may be instituted by the claimant in person, or through his or her attorney in fact or agent. If the claimant is represented by an attorney in fact or agent, a written declaration designating the person to represent the claimant must be filed with the secretary of the

Joint Land Commission. Claimants presenting such a declaration in person should sign the same in the presence of the secretary. In case such declarations are not presented in person, the signature of the claimant should be attested in the Republic of Panama, by a municipal official, or in the Canal Zone by the agent in charge of any police station. Forms for the designation of attorneys or agents can be obtained from the secretary of the Commission, and within the Canal Zone at the several police stations, and at the office of the secretary of the municipal council of the City of Panama.

VII. All documents required by the Commission, as well as proceedings before the Commission, may be in either Spanish or English.

VIII. With reference to the admissibility of evidence, the Commission will follow the procedure of a commission of inquiry rather than the technical rules of evidence.

IX. If the claimant be an executor, administrator, guardian, or representative appointed by a judicial tribunal, a duly authenticated copy of the record of the appointment must be filed with the secretary of the Commission.

X. The Commission reserves the right to require that motions submitted be put in writing.

XI. All expenses incident to the presentation of witnesses shall be paid by the party at whose motion the witnesses appear.

XII. Upon the filing of claims, notice thereof will be served on the counsel for the United States. The Commission will, in each case, fix a time for the filing of an answer, and will then proceed to fix a time for hearing. Notice of such hearing will be served on the claimant, or his representative, and on counsel for the United States.

Such notice shall be signed by the secretary of the Commission and shall recite the time when such cause shall be called for hearing and be served upon the parties affected thereby by sending the same through the mail or otherwise, as the Commission shall determine. Such notice so sent shall be deemed sufficient notice to said parties, unless it shall later appear that it has not as a fact been received; and, in that event, further notice may be given, if it appears necessary to the Commission.

XIII. At the time fixed for the hearing (or at a later date, if so determined by the Commission) any party possessing an interest in the land or improvements thereon may appear and enter a plea in writing, or orally, to be set forth in the record, stating the nature and extent of interest, the amount of damages, and any other matter which the party may desire to have considered in the premises.

If more than one party claiming damages shall appear, they may plead jointly or separately as they may elect.

XIV. The counsel for the United States shall, at the time of the entry of such pleadings provided for in Rule XIII, or later, if the Commission so determine, file an answer in writing or verbally, to be entered upon the record, joining issue in the premises. A copy of such answer shall be served upon the claimant or upon the attorney in fact, or agent.

XV. In all cases in which the claimant, or his representative, and counsel for the United States are agreed on all questions of title, area, and boundaries, a stated case may be presented to the Commission, which will enable the Commission immediately to proceed to a hearing of the case and the valuation of the property.

XVI. In all public hearings, as preliminary, the claimant, or his representative, will make a brief but substantial statement of the claim, in which he will embrace the material facts which, in his opinion, are established by the evidence. After the statement on behalf of the claimant, counsel for the Government of the United States, will, in like manner make a statement of the Government's position. Witnesses will then be called by the claimant for direct and cross examination, to be followed by witnesses for the Government of the United States for direct and cross examination. The claimant, or his representative, may then call witnesses in rebuttal, but the Commission reserves the right to fix the time allotted to such rebuttal.

At the conclusion of the testimony, the claimant, or his representative, and counsel for the Government of the United States will proceed to argue the case in detail. Arguments will be limited to one-half hour on a side. In all

cases, however, 20 minutes will be allotted to counsel for the claimant for final summing up. This limit of time may be extended by the Commission. When additional time is necessary on either side, application therefor must be made in writing before the hearing begins.

XVII. If a claimant fails to appear after due notice has been given, the Commission reserves the right to consider such evidence as may be available. The claimant may, however, appear at any time prior to the final award.

XVIII. If the Commission, or a majority thereof, shall agree upon a decision in any cause heard before it, it shall make the same a part of the record of the proceedings and send a certified copy of the same to the Government of the United States, and to the Government of the Republic of Panama, and any party affected by such decision shall have a right to take a copy of the same.

XIX. In the event of a disagreement of the Commission, such disagreement shall be certified to and forwarded to both of said Governments.

XX. Subpœnas, at the request of counsel for the United States, or of any claimant or his representative, shall be issued by the secretary of the Joint Commission, which said subpœnas may be served by the police of either Government.

XXI. These rules may be repealed or amended by the Commission at any time hereafter as it may determine.

The Commission furthermore reserves the right to modify the application of these rules to any particular case if, in the opinion of the Commission, the interests of justice are promoted thereby.

Adopted March 18, 1913.

The Joint Land Commission will not take jurisdiction of claims arising from leases or licenses of the Isthmian Canal Commission or the Panama Railroad Company, which leases or licenses provide for the taking over of such properties for Canal or railroad purposes upon notice to tenant or licensee; this being a matter of agreement between the parties and governed by local law.

Adopted March 18, 1913.

In case of disputes between private land owners as to the limits of their property, the Commission will, in a proper case, make a separate award for the disputed territory, depositing the amount of such award with a court of competent jurisdiction and leaving to such tribunal the adjudication of the rights of the several claimants. The Commission will, however, undertake to determine questions of title as between the United States and private owners.

If, in the course of the adjudication of a claim, an adverse claimant to title appear, the Commission will deposit any award that may be made for such land with a court of competent jurisdiction, and leave the adjudication of the rights of adverse claimants to such tribunal. If, however, a lessee of private property present an adverse claim for the value of improvements, the Commission will make award to the holder of title for the value of the land and a separate award for the value of improvements. The latter will be deposited with a court of competent jurisdiction, where the respective claims of lessor and lessee will be adjudicated.

Adopted March 24, 1913.

In determining the value of lands taken by the United States, the Commission must be governed by the terms of Article VI, which provides:

"The appraisal of said private lands and private property and the assessment of damages to them shall be based upon their value before the date of this convention."

In the application of the Treaty, the Commission will follow the principles of the Commission of 1908, which are stated in their report to have been the following:

"To hear all evidence presented bearing upon the fair value of the property to be expropriated by the United States, and upon damages thereto; to consider especially, as elements of such valuation, the extent and character of the property affected, its location, for what it is adapted or could be adapted within a reasonable time; as well as to take into account other pertinent considerations and, in determining the basis upon which damages are to be assessed, to eliminate from consideration the effect which the building of the Canal may have had upon the value of such estates."

Adopted June 3, 1913.

The Commission takes judicial notice of all official records of the Government of the United States and of the Government of Panama pertaining to the inquiries conducted by the Commission. The Commission will at all times receive any papers or documents submitted by claimants or counsel relating to or tending to controvert the content of such official records.

Adopted June 3, 1913.

In the matter of claims of corporations, it is the purpose of the Commission to make the award to such corporations, allowing persons who have an interest or who own equities therein, to assert such interest or equities before a court of competent jurisdiction.

Adopted June 11, 1913.

Where the existence of a release is pleaded in bar of a claim, the Commission will of its own motion make an examination of the releases filed in the office of the Examiner of Accounts and Disbursing Officer, and of such official records the Commission will take judicial notice. Where a verbal agreement of settlement is pleaded the claim will remain before the Commission until the Commission receive official notice that payment has been made by the Government in settlement of such claim.

Adopted June 17, 1913.

Settlers or occupiers on public lands in the Canal Zone, who went upon such lands prior to the Treaty of 1903 are entitled to compensation, and the fact that such persons subsequently accepted licenses from the Government of the United States does not extinguish the rights which accrued prior to the treaty.

Adopted July 28, 1913.

In view of the provision of the treaty that "all the decisions by a majority of the Commission or by the Umpire shall be final" the Commission is without power to receive any protests against its awards.

Adopted June 9, 1914.

When a case is set for hearing, and the claimant or the Government, or defendant is not ready for trial at the time the case is set for hearing, the claimant or the Government or their respective attorneys desiring that the cause be continued or reset, shall file an affidavit in writing stating the reasons why such party is not ready for trial, and, if the affidavit is found sufficient by the Commission, then the case shall be taken off the setting and shall be put on the call docket, to be called at the pleasure of the Commission after all the other cases have been disposed of. The affidavit shall contain these words: "This affidavit is made in good faith and not for the purpose of delay, but that justice may be done."

Rules entered of record June 27, 1914, after adoption by the Governments of the United States of America and the Republic of Panama:

1. The jurisdiction of the Commission shall be invoked by petition of the claimant, verified by his oath, or that of his agent, made before some officer authorized to administer oaths in the United States, the Republic of Panama or the Canal Zone.

2. The Commission may designate two of its members, one from each country, to make inspections and to take evidence; but the decision shall be based on all the evidence in the case and shall be made only by the Commission; and in every case the Commission shall, upon the request of either party, grant a full and free hearing.

3. Claims not presented to the Commission within six calendar months after it resumes its sessions at Panama shall be barred, unless the Commission shall for exceptional reasons extend the time three months in a particular case.

Adopted August 18, 1914.

The time fixed by the Government of the United States and the Republic of Panama within which claims may be filed with the Joint Land Commission for damages which have accrued to any person or persons, on account of the construction of the Panama Canal and under the treaty between the United States and the Republic of Panama, under Rule No. 3 lately adopted and as amended by the two Governments will expire on December 27, 1914.

Adopted October 19, 1914.

All pleadings, motions, and affidavits, for continuance shall be filed in writing by the parties in interest, or their attorneys, and by the attorneys representing the United States Government, in triplicate. The secretary shall immediately upon receipt of such motions, pleadings, or affidavits, in triplicate, in accordance with this rule, mail to the attorney, or party of the opposing side, one copy thereof. The motion, pleading, or affidavit shall then stand for final disposition by the Commission at any time after five days from the date of filing, unless both sides agree to its disposition at an earlier date.

Adopted October 24, 1914.

The trial docket for claims to be heard by the Joint Land Commission shall be made up of claims in accordance with their numerical order on the docket and their date of filing, regardless of their location on the Canal Zone.

Causes shall be set on each Monday afternoon for the following week and the Secretary shall immediately cause notices of the settings to be published in the *Star & Herald*, the *Panama Morning Journal*, *The Panama Canal Record*, and the *Gaceta Oficial*, and shall also mail or deliver copies of the setting to the respective attorneys interested therein.

All rules or parts of rules in conflict with this rule, are hereby repealed annulled, and set aside.

Adopted March 22, 1915.

The Commission will not proceed to the hearing of claims in which there are adverse private claimants. In all cases in which there are adverse private claimants to the same property, they should either adjust their differences by compromise or settle them by adjudication before urging their claims before the Commission.

Adopted October 2, 1915.

I. The claimant who first filed his claim with the Commission or whose claim has the lowest number on the docket will be treated primarily as the real owner of the claim unless an adverse claimant proves to have a bona fide claim to the whole or some part of the property taken for Canal purposes in conformity with the provisions of the treaty of November 18, 1903.

II. All persons having a claim in conflict with the rights asserted by previous claimants shall present evidence within a term to be fixed in each case by the Commission in order to show that such conflicting rights are in course of being decided by a competent tribunal of the Canal Zone or by arbitrators or by direct amicable settlement.

III. The evidence required by the Commission for the above purpose shall be a certified copy of the complaint or judicial proceedings brought by the second claimant against the claimant who has the lowest number on the docket, or a copy of the act whereby the case was submitted to arbitration, or a showing that an amicable settlement will be reached within a reasonable time.

IV. If, within the term fixed by the Commission, no evidence is produced to show that proceedings have been instituted in order to have the controversy properly decided or settled as above set forth, the Commission shall direct that the claim first filed be heard and final decision shall be rendered on its merits.

V. The preceding rule is set down without prejudice to the right of private individuals or corporations to institute whatever proceedings may be allowed by law in order to recover, from parties in whose favor any award has been rendered, such moneys as may have been paid them by the United States according to the award as a compensation for land or property taken for Canal purposes and belonging to such private individuals or corporations.

Rules relative to the continuance or dismissal of cases, adopted April 13, 1916, after approval by both Governments:

It is ordered that when a case is set for hearing, and the claimant is not ready for trial when his case is called and the claimant or his attorneys desire that the cause be continued or reset, he shall file an affidavit in writing, stating the reasons why such party is not ready for trial, and, if the affidavit is found sufficient by the Commission the case shall be put on the call docket to be called at the pleasure of the Commission, or placed at the foot of the docket to be called after all other cases have been disposed of.

If the affidavit is not considered sufficient by a majority of the Commission to entitle the claimant to a continuance, or in case no affidavit for a continuance is filed, a rule of default shall be entered against the claimant.

Upon the entry of such rule of default (at the end of each month) notice thereof shall be given by four successive publications, one each week, in the English and Spanish languages in newspapers of general circulation in the Republic of Panama, notifying such claimants to appear in person or by attorney, within 60 days from the first of said publications and show good and sufficient cause why such default should be set aside, and take active steps to prosecute their claims, and failing to so appear within 60 days from said first publication their claims will be considered as having been either settled or abandoned and the same will be dismissed and forever barred.

Adopted April 18, 1916.

All oral arguments of claims and other matters coming before the Joint Commission appointed under Articles VI and XV of the Treaty between the United States of America and the Republic of Panama, signed November 18, 1903, for the adjudication and settlement of damages to private property caused by the construction, operation, sanitation, etc., of the Panama Canal, will be limited to one hour on a side, including the opening and closing arguments. When additional time is desired by counsel for either side in a particular case, a request therefor must be made to the Commission before the argument

begun, counsel stating clearly the grounds on which the request is based. On a proper showing being made, the Commission may, within its discretion, extend the original time limit. Any rules conflicting with the above are hereby repealed and annulled.

Adopted May 4, 1916.

Disagreements shall be certified to the "Umpire appointed under the treaty," instead of to the "Governments, parties to the treaty." Before the certification of any case to the Umpire, the conclusions reached by the commissioners shall be stated in writing and shall be supported by written opinions, all of which shall form a part of the record certified to the Umpire.

Adopted June 30, 1916.

When the Commission shall certify a case to the Umpire under the pertinent provisions of the Treaty of 1903 between the United States and Panama the fact of such certification shall be announced in open court, and the Secretary of the Commission shall forthwith notify the parties interested through their attorneys that such certification has been perfected. Counsel shall be allowed ten days from the date of such notification to file with the Commission such brief or written argument as they may see fit, which brief or written argument shall be attached to the record and form a part thereof when the papers in the case are submitted to the consideration of the Umpire.
